

International Ozone day 16th September 2018.
Celebration in the Govt.Sen.Sec. School, Khatnol, H.P.
Organized by Himachal Pradesh Council for Science Technology and
Environment,(HIMCOSTE)

International day for the preservation of the ozone layer 2018 was celebrated at Government Senior Secondary School Khatnol Distt. Shimla Himachal Pradesh by the Himachal Pradesh Council for Science, Technology & Environment (HIMCOSTE). The Painting Competition on the Preservation of Ozone layer was organized by HIMCOSTE for Junior & Senior students of the Eco-Clubs on the theme **“Keep Cool and Carry On”**. A cleanliness awareness programme was also organized at the school with the theme **“Swatchta he Sewa”** with the active participation of the school children.

Dr. Aparna Sharma and Mrs. Shubhra Banerjee from Himachal Pradesh Council for Science, Technology & Environment (HIMCOSTE). deliver her lecture on the importance of Ozone layer and Cleanliness in our daily life. Dr. Narsimha presented an informative presentation to the students and the members present on the “Environment Protection” by Conservation of Nature

The Celebration involved the participation of 110 students which included the members of Eco Club, NSS Volunteers along with SMC Members of the school. Prizes were given to the outstanding achievers of the competition.

A cleanliness drive was also organized with the help of Students Teachers & SMC Members and the Eco-Club members. The Volunteers made the Cleanliness drive successful by cleaning the nearby area and by propagating the Swatchhta message in the Vicinity. T-shirts and Caps were also given to the Volunteers and the Eco-Club members.

The overall event was wrapped up with the prize distribution and a cultural performance by the students.
